Subject: Product Description Changes Taking Place 9/16/21

Dear Valued Customer,

This letter is to inform you that U.S. Oil will begin using new product descriptions on your invoices effective: **September 16, 2021**.

Due to this change taking place mid-September, your September invoices will include both the former as well as the new product descriptions. This change was made to allow us to comply with the final EPA Regulatory Streamlining rule.

More information regarding this regulation can be found online at: <https://usoil.com/terms-conditions/>

Sincerely,

Alison Schmidt

Director – Refined Products Marketing
